SC 630 USB ML

SC 630 USB ML is a premium single-sided USB headset optimized for Microsoft Lync. It is specifically designed for quality-conscious contact center and office professionals requiring outstanding sound performance.

Sound leadership

With Sennheiser HD voice clarity and ultra-noise cancelling microphone, SC 630 USB ML optimizes speech intelligibility in noisy contact center and office environments.

Quality design

Designed to manage calls seamlessly through the call control unit, SC 630 USB ML offers great functionality and convenience when connected to Microsoft Lync. Stainless steel and brushed aluminum parts with a unibody headband construction create an iconic, high-end design that enhances strength and robustness.

User focus

Features include sound-enhancement technology for voice clarity, with a

leatherette ear-pad for powerful sound and wearing comfort. A metal reinforced headband maintains a perfect fit and is numbered for easy accurate adjustment.

Incorporating ActiveGard® acoustic shock prevention, SC 630 USB ML is optimized for all-day users who require maximum call handling flexibility and durable high-end performance in busy Unified Communications environments.

Features and Benefits:

- Optimized for Microsoft Lync – with integrated call control and USB connector
- Sennheiser HD voice clarity – wide-band sound for a natural listening experience
- Ultra noise canceling microphone for perfect speech transmission
- Sound-enhancement profiles – perfect for communication and music
- High-quality neodymium speaker for outstanding HD audio quality
- ActiveGard® technology protects users from acoustic shock and sudden sound surges

- Stainless steel hinge on speaker joint for maximum strength
- Brushed aluminum parts for strong and lightweight design
- Unibody headband construction for maximum strength at stress points
- Kevlar® reinforced cable for extreme durability
- Large leatherette ear-pad for exceptional wearing comfort and powerful sound
- Ultra sonic welded microphone housing for maximum durability
- Extension headband with number indications for accurate adjustment
- 90 degree turnable speaker-housing for space saving storage and transport
- Ultra sonic welded ergonomic call control unit is strong and compact
- Unique magnetic holder for one-touch use of call control unit
- Call control unit allows for easy answer/end a call, volume up/ down, microphone mute and redial last outgoing call

*Kevlar® is a trademark of DuPont.

Experience Sennheiser

Perfection is always relative: Users have different expectations from their headsets depending on their needs. For professional users, that need is to communicate as effectively as possible.

With Sennheiser's range of headsets, the combination of exceptional HD sound, quality design and build – and a focus on real life usability - give the best performance possible in busy offices, call centers and Unified Communications environments.

Please visit us at: www.sennheiser.com/cco

Sennheiser is one of the world's leading manufacturers of headphones, microphones, wireless transmission systems and high-quality headsets for both business and entertainment.

Drawing on the electro acoustics expertise of Sennheiser and the leading hearing healthcare specialist William Demant, Sennheiser Communications' wireless and wired headsets for contact centers, offices and Unified Communications professionals are the result of Sennheiser's and William Demant's joint leadership in sound quality, design, wearing comfort and hearing protection.
